Director Retires After 43 Years of Service

Director Richard H. Greene attended his final board meeting this past September. After 43 years, Greene is retiring from the Halifax EMC board of directors.

A Warren County native, Greene graduated from North Warren High School and Warren County Training School and attended Shaw University. He would later go on to run two successful businesses in Warrenton; R.H. Greene Funeral Home and Greene Insurance Agency.

Greene was elected to the board in the spring of 1973 to serve a two year term as a Director-At-Large. Throughout his time as a board member, Greene has served as President, Vice President as well as Secretary-Treasurer. He also earned his Credentialled Cooperative Director Certificate. In 1983, Greene was appointed by then North Carolina Governor Hunt to the Board of Directors of the North Carolina Rural Electrification Authority. He served as a board member until 1987. He has represented the Cooperative at numerous statewide and national meetings.

Greene has given of his time, talent, and energy for the improvement of our cooperative community. His leadership and dedication to the Cooperative will certainly be missed.
**WANTED:**

Halifax EMC seeks to return refunds to these people

The listing on the following pages contains names of former EMC members and/or current members whose capital credit checks were marked undeliverable. If you know any of these people, please pass the word to them to contact Halifax EMC at 252-445-5111 to claim their refund. Halifax EMC continues to retire capital credits that accumulate to the estates of deceased members. If an application for a capital credit refund has not been submitted to the cooperative on behalf of a deceased member, the executor/executrix of the deceased member’s estate may apply at the cooperative’s offices for the capital credits.

**NOTE:** This listing is in alphabetical order with last names first; however, some names may be listed alphabetically by first name. When looking for a name, check either order. If your name is not listed, you are not due capital credits.

Hali-facts OCTOBER 2016
In 2013, North Carolina’s Electric Cooperatives partnered with East Carolina University to offer a scholarship endowment in support of the school’s electrical engineering program. Following the scholarship endowment, NC’s Electric Cooperatives continued developing its relationship with ECU by including a summer internship program.

In early 2014, NC’s Electric Cooperatives developed a pilot internship program in which they would qualify and hire an engineering intern and then place them at a distribution cooperative, like HEMC, for the summer. The intern gains experience with the electric cooperative business model and the seven cooperative principles, plus enjoys hands-on, applied learning experiences.

For the second summer in a row, HEMC was selected to participate in the internship program. This summer, HEMC was pleased to have Joseph Thomas III as the summer intern selected by NC’s Electric Cooperatives. Thomas is a senior at ECU. While at HEMC he worked with our engineering department on joint-use projects, mapping, and work order inspections.

A key benefit of the internship program for distribution co-ops is the building of a workforce development pipeline. An ECU intern was hired by the participating co-op in the three years since the program’s inception.

**Energy Efficiency Tip of the Month**

An average household dedicates about 5% of its energy budget to lighting. Switching to energy-efficient lighting is one of the fastest ways to cut your energy bills. By replacing your home’s five most frequently used light fixtures or bulbs with models that have earned the ENERGY STAR rating, you can save $75 each year.

(Source: energy.gov)
Tar Heel Teacher of the Week

Halifax EMC is proud to announce that local teacher Pamela Flack of Halifax Academy was honored on a statewide level as a Bright Ideas Tar Heel Teacher of the Week. Halifax EMC nominated Flack in recognition of her dedication to students and for winning Bright Ideas education grant funding for the project “Book Blog: A Novel Approach to Writing.”

Flack is one of only 26 teachers statewide to earn the Tar Heel Teacher of the Week designation this school year. She was recognized on air during the radio broadcast of the University of North Carolina football game against Pittsburgh on September 24 and also on the Bright Ideas website at www.NCBrightIdeas.com. She, along with other Tar Heel Teacher of the Week honorees, will also receive tickets to attend a UNC game this month and a plaque commemorating their achievement.

Tell Us...

Halifax EMC is your electric cooperative. Your comments and questions are very important to us. Please tell us how we may improve our service. Return your comments/questions along with your payment, or e-mail them to bamartin@halifaxemc.com. Specific account questions will be answered personally. Remember to include your account number for these types of questions.

Pamela Flack at the 2015 Bright Ideas awards dinner in Greenville, N.C. Flack is a two-time Bright Ideas grant recipient.
